STRUKTUR ORGANISASI UKWMS

WIDYA MANDALA SURABAYA CATHOLIC UNIVERSITY

VISION

The vision of the University is the formation of an academic community that is **reflective, creative, and positively impactful** on enhancing the lives of others, grounded in the values of Pancasila and Catholic principles.

MISSION

The mission of the University is to conduct higher education, research, and scientific development integrated with community service, aiming to produce professionals who master science, technology, arts, and culture; possess high moral standards; remain open to change and progress; and demonstrate strong solidarity, with particular attention to serving and aiding the marginalized.

VALUES

Grounded in professional higher education management to achieve the physical and spiritual well-being of staff and students, Widya Mandala Catholic University Surabaya prioritizes the following values:

1. Care (Peduli)

Care is an attitude that demonstrates deep concern for fellow members of the WMCU community and its stakeholders, respects all institutional rules and policies, and actively participates in both internal and external activities.

2. Commitment (Komit)

Commitment is the willingness to act in accordance with the institutional mandate, organizational demands, or obligations as a member of WMCU. While this represents a baseline normative attitude, members of WMCU are expected to embody an affective commitment that, as far as possible, goes "*beyond the call of duty*."

3. Enthusiasm (Antusias)

Enthusiasm is an attitude characterized by intense passion, keen interest, and a fervent spirit in every assigned task or activity—free from compulsion and driven by a genuine desire to perform. It is an attitude that fosters positive energy, enhances the quality of interpersonal relationships, and embraces new ideas and opportunities.
