

Dr. apt. MARTHA ERVINA, S.Si., M.Si.
Dekan/Dean

FAKULTAS FARMASI/FACULTY OF PHARMACY

Program Studi : Sarjana Farmasi - Profesi Apoteker
PSDKU Diploma III Farmasi

Study Programs : Bachelor of Pharmacy - Pharmacist Professional Program
PSDKU Diploma III in Pharmacy

FAKULTAS FARMASI

PROFIL

Fakultas Farmasi Universitas Katolik Widya Mandala Surabaya (UKWMS) didirikan pada tanggal 1 September 1964. Saat ini, Fakultas Farmasi UKWMS menyelenggarakan 3 Program Studi, yaitu: Program Studi Sarjana Farmasi (Akreditasi Baik Sekali), Program Studi Profesi Apoteker (Akreditasi UNGGUL LAM-PTKes No. 0403/LAMPTKes/Akr/Pro/VI/2022, tanggal 10 Juni 2022, dan Program Studi Diploma III Farmasi (Akreditasi Baik Sekali LAM-PTKes No. 0111/LAM-PTKes/Akr/Dip/II/2023, tanggal 10 Februari 2023).

Fakultas Farmasi UKWMS berhasil memenangkan beberapa hibah atau dana dari Pemerintah (DIKTI) untuk pengembangan proses pembelajaran melalui *Indoped Project* (2016-2018). Dalam bidang penelitian, tim dosen Fakultas Farmasi UKWMS telah berhasil mendapatkan beberapa dana hibah penelitian meliputi Penelitian Dasar Unggulan Perguruan Tinggi (2012–2019), Penelitian Fundamental Reguler (2023-2026), Penelitian Disertasi Doktor (2016-2019), Penelitian dosen muda (2026) Peningkatan Publikasi Ilmiah *sandwich* like (2019) Penelitian Hibah Kompetensi (2016–sekarang), Hibah Calon Perusahaan Pemula Berbasis Teknologi dari Kemenristekdikti (2018), dan *Matching Fund* (2022). Fakultas Farmasi juga telah memiliki lebih dari lima buah paten untuk produk hasil penelitian sediaan herbal diabetes kombinasi sambiloto dan salam, amilum dari limbah kulit pisang untuk bahan pengisi tablet, dan kombinasi sambiloto dan salam sebagai sediaan antiinflamasi, O-(3-klorometilbenzoil)salisilat sebagai bahan aktif pengganti asam asetilsalisilat, tablet antihiperkolesterolemia kombinasi daun salam (*Syzygium polyanthum*) dan rimpang kunyit (*Curcuma longa* Linn.) dengan mekanisme penghambatan enzim HMG-CoA reductase. Inovasi amilum dari limbah kulit pisang dan salam sehat untuk rematik juga tercatat sebagai 2 dari 108 Inovasi Indonesia pada tahun 2016. Tercatat juga bahwa Fakultas Farmasi memiliki lebih dari 18 Hak Cipta terdaftar sampai tahun 2025.

Prodi Sarjana Farmasi juga telah memperoleh sertifikasi internasional dari *ASEAN University Network* dengan nomor sertifikat AUN-QA AP881UKWMSJun22 tanggal 1 Agustus 2022. Capaian prestasi mahasiswa Fakultas Farmasi UKWMS antara lain: mewakili UKWMS untuk Olimpiade Kimia, Biologi, dan Matematika Tingkat Kopertis VII, mewakili Kopertis VII untuk Olimpiade Kimia Tingkat Jatim (2017), beberapa proposal memenangkan Hibah pada Program Mahasiswa Wirausaha, PKM-P, PKM-GT (2015–2021), Juara pada beberapa bidang lomba tingkat Nasional Pharmacomes 2017 hingga 2020 dan, Pemenang Harapan 2 Lomba Penulisan Karya Ilmiah PTPN (2018), Juara 2 Lomba PCE tingkat Beginner – Pharmacomes 2018, Juara I Lomba Poster Ilmiah tingkat Nasional 2018, Juara I Lomba Essay pada Pharm Fest 2019, Juara I Poster tingkat Nasional CAPSULE 2019, Juara Harapan 2 Lomba OSCE Kefarmasian 2019 Universitas Airlangga, Juara 2 Lomba Cerdas Cermat Farmasi Pharmacomes 2019, Juara 2 Lomba PCE (*Patient Counseling Event*) Pharmacomes 2019, Juara 1 Lomba Essay Nasional Institut Ilmu Kesehatan Bhakti Wiyata Kediri 2019, “*Best Speaker*” Lomba Debat Segitiga Emas 2019, Juara 1 Catur Putri Segitiga Emas 2019, Juara 2 Lomba Poster Fakultas Farmasi Universitas Jember 2019, Juara 3 Lomba Menulis Artikel Kesehatan BIMFI 2019, Juara 1 dan Juara 2 Lomba Poster Avicenna Fakultas Farmasi Universitas Udayana Bali 2020, Juara 3 Lomba Poster Sedatif Fakultas Farmasi Universitas Brawijaya Malang 2020, Juara 2 Lomba Poster Pharmfest Universitas Indonesia 2019, Juara 3 Lomba Konseling Kofein 2020 Universitas Airlangga, juara 3 lomba poster Pharmacious 2020 Universitas Gajah Mada, Juara 3 Lomba Poster Pharmacon 2021 Tingkat Nasional: Inovasi Peran Farmasis dalam Kampanye Pro-Aktif dalam Menangani Covid-19 BEM Fakultas Farmasi Universitas Muslim Indonesia, Penerima Hibah Program Kreativitas Mahasiswa Riset Eksakta dengan judul “Pemanfaatan Senyawa Fenolik dari Limbah Kulit Kakao sebagai Sabun Cair Pembersih Area Kewanitaan” Tahun 2021, penerima beasiswa dana program transfer kredit Internasional Gasal 2020–2021 ke *Louis University Philippines*, tahun 2025 3 mahasiswa ke *University Immaculate Conception, Philippines*. Mendapatkan Hibah *Indonesian International Student Mobility Awards* tahun 2021, 2024 dan 2026, ke *National Taiwan University of Science and Technology*, Medali Emas B Kategori Musik Sakral & Paduan Suara Micer Soegijapranatanan Kompetisi Paduan Suara Internasional, Juara Dance, MLBB, Voli dan Solo Singer Segitiga Emas 2024, Juara 3 Desain Produk dalam Kegiatan USK Pharmacy Fair, Juara Dance dan Futsal Segitiga Emas 2025, Juara video edukasi dan badminton tunggal putri Segitiga Emas 2026, Juara 1 dan 3 Pharmaceutical Poster Competition SDC 2025, Juara 3 Pharmaceutical Poster Competition 2025, serta masih banyak lagi prestasi lainnya.

FACULTY OF PHARMACY

PROFILE

The Faculty of Pharmacy at Widya Mandala Catholic University Surabaya (WMCUS) was established on September 1, 1964. Currently, the Faculty of Pharmacy WMCUS runs three Study Programs: the Bachelor of Pharmacy Study Program (Accredited Baik Sekali / Very Good), the Pharmacist Professional Study Program (Accredited UNGGUL / Excellent by LAM-PTKes No. 0403/LAMPTKes/Akr/Pro/VI/2022, dated June 10, 2022), and the Diploma III in Pharmacy Study Program (Accredited Baik Sekali / Very Good by LAM-PTKes No. 0111/LAM-PTKes/Akr/Dip/II/2023, dated February 10, 2023).

The Faculty of Pharmacy WMCUS has successfully won several government grants (DIKTI) to develop learning processes through the Indoped Project (2016-2018). In research, the faculty's lecturer team has successfully secured various research grants, including the Higher Education Flagship Basic Research Grant (2012–2019), Regular Fundamental Research Grant (2023-2026), Doctoral Dissertation Research Grant (2016-2019), Young Lecturer Research Grant (2026), Sandwich-like Scientific Publication Enhancement Grant (2019), Competency Grant Research (2016–present), Technology-Based Startup Candidate Grant from the Ministry of Research, Technology, and Higher Education (2018), and the Matching Fund Grant (2022). The Faculty of Pharmacy also holds more than five patents for research products, including a combined herbal antidiabetic formulation of sambiloto (bitter leaf) and salam (bay leaf), starch from banana peel waste for tablet filler material, a combination of sambiloto and salam as an anti-inflammatory formulation, O-(3-chloromethylbenzoyl)salicylate as an active ingredient substitute for acetylsalicylic acid, and an antihypercholesterolemia tablet combining salam leaves (*Syzygium polyanthum*) and turmeric rhizome (*Curcuma longa* Linn.) with an HMG-CoA reductase enzyme inhibition mechanism. Innovations involving starch from banana peel waste and healthy salam leaves for rheumatism were also recognized among the 108 Indonesian Innovations in 2016. Furthermore, the Faculty of Pharmacy has registered over 18 Copyrights up to the year 2025.

The Bachelor of Pharmacy Study Program has also achieved international certification from the ASEAN University Network with certificate number AUN-QA AP881UKWMSJun22, dated August 1, 2022. Student achievements in the Faculty of Pharmacy WMCUS include: representing WMCUS in the Kopertis VII Chemistry, Biology, and Mathematics Olympiads; representing Kopertis VII in the East Java Chemistry Olympiad (2017); winning grants for multiple proposals in the Student Entrepreneurial Program, PKM-P, and PKM-GT (2015–2021); winning championships in various fields at the National Pharmacomes from 2017 to 2020; 4th Runner-Up in the PTPN Scientific Paper Writing Competition (2018); 2nd Place in the PCE Competition Beginner Level – Pharmacomes 2018; 1st Place in the National Scientific Poster Competition 2018; 1st Place in the Essay Competition at Pharm Fest 2019; 1st Place in the National Poster Competition CAPSULE 2019; 4th Runner-Up in the 2019 Pharmacy OSCE Competition at Airlangga University; 2nd Place in the Pharmacomes 2019 Pharmacy Quiz Competition; 2nd Place in the PCE (Patient Counseling Event) Pharmacomes 2019; 1st Place in the National Essay Competition at Bhakti Wiyata Health Sciences Institute Kediri 2019; “Best Speaker” in the 2019 Segitiga Emas Debate Competition; 1st Place in Women's Chess at Segitiga Emas 2019; 2nd Place in the Poster Competition at the Faculty of Pharmacy, University of Jember 2019; 3rd Place in the BIMFI Health Article Writing Competition 2019; 1st and 2nd Place in the Avicenna Poster Competition at the Faculty of Pharmacy, Udayana University Bali 2020; 3rd Place in the Sedatif Poster Competition at the Faculty of Pharmacy, Brawijaya University Malang 2020; 2nd Place in the Pharmfest Poster Competition at the University of Indonesia 2019; 3rd Place in the Kofein Counseling Competition 2020 at Airlangga University; 3rd Place in the Pharmacious 2020 Poster Competition at Gadjah Mada University; 3rd Place in the Pharmacon 2021 National Poster Competition: “Innovation of Pharmacists' Roles in Pro-Active Campaigns to Handle Covid-19” by BEM Faculty of Pharmacy, Muslim University of Indonesia; Recipient of the Student Creativity Program for Exact Research Grant titled “Utilization of Phenolic Compounds from Cocoa Pod Husk Waste as Liquid Soap for Feminine Hygiene” in 2021; recipient of the Odd Semester 2020–2021 International Credit Transfer program scholarship to St. Louis University Philippines; and sending 3 students to the University of the Immaculate Conception, Philippines in 2025. The faculty also secured the Indonesian International Student Mobility Awards (IISMA) grants in 2021, 2024, and 2026 to the National Taiwan University of Science and Technology; won a Gold B Medal in the Sacred Music & Choir Category at the Soegijapranata International Choir Competition; won in Dance, MLBB, Volleyball, and Solo Singer categories at Segitiga Emas 2024; achieved 3rd Place in Product Design at the USK Pharmacy Fair; won in Dance and Futsal at Segitiga Emas 2025; won in Educational Video and Women's Singles Badminton at Segitiga Emas 2026; claimed 1st and 3rd Place in the Pharmaceutical Poster Competition SDC 2025; achieved 3rd Place in the Pharmaceutical Poster Competition 2025; alongside many other achievements.

VISI-MISI FAKULTAS, PROGRAM STUDI SARJANA FARMASI, PROFESI APOTEKER, DAN DIPLOMA III FARMASI

VISI FAKULTAS FARMASI

Visi Fakultas adalah menjadi Perguruan Tinggi Farmasi dengan komunitas akademik yang reflektif, kreatif dalam integrasi ilmu-praktik kefarmasian, berwawasan global dan berdampak positif bagi kehidupan.

MISI FAKULTAS FARMASI

Misi Fakultas adalah mengelola Pendidikan Tinggi Farmasi (vokasi, akademik, dan profesi) untuk menghasilkan lulusan yang reflektif, kreatif, berwawasan global, dan berdampak positif melalui optimalisasi:

1. Program pendidikan yang kondusif bagi proses pembelajaran dan pengembangan keilmuan, ketrampilan, karakter dan etika profesional dalam integrasi ilmu-praktik kefarmasian.
2. Program penelitian dan pengabdian masyarakat yang terintegrasi dengan pendidikan, adaptif dan bermanfaat (berdampak positif) untuk kehidupan masyarakat sekitar, nasional dan global.
3. Program penguatan jejaring kerjasama (networking) dengan mitra DUDIKA yang mendukung kolaborasi dan integrasi ilmu-praktik kefarmasian.

VISI PROGRAM STUDI SARJANA FARMASI

Visi Prodi Sarjana Farmasi adalah menjadi Program Studi yang menghasilkan Sarjana Farmasi dengan landasan saintek terintegrasi untuk mendukung praktik kefarmasian, memiliki sikap reflektif dan kreatif, berwawasan global, dan berdampak positif bagi kehidupan.

MISI PROGRAM STUDI SARJANA FARMASI

Misi Prodi Sarjana Farmasi adalah menyelenggarakan Pendidikan Farmasi untuk menghasilkan Sarjana Farmasi dengan landasan saintek terintegrasi, memiliki sikap reflektif dan kreatif, berwawasan global, dan berdampak positif, melalui:

1. Program pendidikan Sarjana Farmasi berbasis integrasi saintek dengan proses pembelajaran yang reflektif, kreatif dan inovatif.
2. Program penelitian dan pengabdian sebagai hasil pengembangan, penerapan dan integrasi keilmuan dengan pelibatan mahasiswa dalam kelompok keilmuan untuk mendukung praktik kefarmasian.
3. Program jejaring kerjasama (networking) yang berkualitas, adaptif, dan kolaboratif dengan mitra DUDIKA untuk integrasi ilmu yang mendukung praktik kefarmasian.

VISI PROGRAM STUDI PROFESI APOTEKER

Visi Prodi Profesi Apoteker adalah menjadi Program Studi yang menghasilkan Apoteker yang dapat menjalankan praktik kefarmasian terintegrasi, memiliki sikap reflektif dan kreatif, berwawasan global, dan berdampak positif bagi kehidupan.

MISI PROGRAM STUDI PROFESI APOTEKER

Misi Prodi Profesi Apoteker adalah menyelenggarakan Pendidikan lanjutan tingkat profesi untuk menghasilkan Apoteker Ahli Pertama yang kreatif, reflektif, berwawasan global dan berdampak positif melalui:

1. Program pendidikan berbasis praktik profesi Apoteker umum dilandasi saintek dengan proses pembelajaran yang adaptif dan kondusif.
2. Program penelitian dan pengabdian sebagai hasil pengembangan, penerapan dan integrasi pendidikan praktik profesi Apoteker.
3. Program jejaring kerjasama (networking) yang berkualitas, adaptif, dan kolaboratif dengan mitra DUDIKA untuk mewujudkan profesionalitas praktik kefarmasian.

VISION AND MISSION OF THE FACULTY, BACHELOR OF PHARMACY STUDY PROGRAM, PHARMACIST PROFESSIONAL STUDY PROGRAM, AND DIPLOMA III IN PHARMACY STUDY PROGRAM

VISION OF THE FACULTY OF PHARMACY

The Faculty's vision is to become a Higher Education Institution of Pharmacy with an academic community that is reflective and creative in integrating pharmaceutical science and practice, globally-oriented, and positively impactful on life.

MISSION OF THE FACULTY OF PHARMACY

The Faculty's mission is to manage Higher Education in Pharmacy (vocational, academic, and professional tracks) to produce graduates who are reflective, creative, globally-minded, and positively impactful through the optimization of:

1. Educational programs conducive to the learning process and the development of scientific knowledge, skills, character, and professional ethics within the integration of pharmaceutical science and practice.
2. Research and community service programs that are integrated with education, adaptive, and beneficial (yielding a positive impact) to the lives of local, national, and global communities.
3. Programs to strengthen collaboration and networking with DUDIKA partners (Business, Industrial, and Work Worlds) that support the collaboration and integration of pharmaceutical science and practice.

VISION OF THE BACHELOR OF PHARMACY STUDY PROGRAM

The vision of the Bachelor of Pharmacy Study Program is to become a study program that produces Bachelor of Pharmacy graduates equipped with an integrated science and technology foundation to support pharmaceutical practice, possessing a reflective and creative attitude, globally-oriented, and positively impactful on life.

MISSION OF THE BACHELOR OF PHARMACY STUDY PROGRAM

The mission of the Bachelor of Pharmacy Study Program is to organize Pharmacy Education to produce Bachelor of Pharmacy graduates with an integrated science and technology foundation, possessing a reflective and creative attitude, globally-minded, and positively impactful, through:

1. A Bachelor of Pharmacy educational program based on the integration of science and technology with a reflective, creative, and innovative learning process.
2. Research and community service programs resulting from the development, application, and integration of science, involving students in scientific groups to support pharmaceutical practice.
3. High-quality, adaptive, and collaborative networking programs with DUDIKA partners for the integration of science that supports pharmaceutical practice.

VISION OF THE PHARMACIST PROFESSIONAL STUDY PROGRAM

The vision of the Pharmacist Professional Study Program is to become a study program that produces Pharmacists capable of conducting integrated pharmaceutical practice, possessing a reflective and creative attitude, globally-oriented, and positively impactful on life.

MISSION OF THE PHARMACIST PROFESSIONAL STUDY PROGRAM

The mission of the Pharmacist Professional Study Program is to organize advanced professional-level education to produce Junior Expert Pharmacists (Apoteker Ahli Pertama) who are creative, reflective, globally-minded, and positively impactful, through:

1. An educational program based on general Pharmacist professional practices, grounded in science and technology, with an adaptive and conducive learning process.
2. Research and community service programs resulting from the development, application, and integration of Pharmacist professional practice education.
3. High-quality, adaptive, and collaborative networking programs with DUDIKA partners to achieve professionalism in pharmaceutical practice.

VISI PROGRAM STUDI DIPLOMA III FARMASI

Visi Prodi Diploma III Farmasi adalah menjadi Program Studi yang menghasilkan Tenaga Vokasi Farmasi yang menjalankan praktik kefarmasian terintegrasi, memiliki sikap reflektif dan kreatif, berwawasan global, dan berdampak positif bagi kehidupan.

MISI PROGRAM STUDI DIPLOMA III FARMASI

Misi Prodi Diploma III Farmasi adalah menyelenggarakan Pendidikan Farmasi untuk menghasilkan Tenaga Vokasi Farmasi yang dapat menjalankan praktik kefarmasian terintegrasi, memiliki sikap reflektif dan kreatif, berwawasan global, dan berdampak positif melalui:

1. Program Pendidikan Tenaga Vokasi Farmasi yang reflektif, kreatif dan inovatif bagi proses menjalankan praktik dan pengembangan keilmuan, keterampilan, karakter dan etika profesional yang unggul dalam integrasi ilmu-praktik kefarmasian komunitas dan obat tradisional.
2. Program penelitian dan pengabdian masyarakat yang terintegrasi dengan pendidikan, adaptif dan berdampak positif untuk kehidupan masyarakat sekitar, nasional dan global.
3. Program jejaring kerjasama (networking) dengan mitra DUDIKA yang mendukung kolaborasi dan integrasi ilmu-praktik kefarmasian.

PROFIL LULUSAN

Program Studi Sarjana Farmasi adalah Lulusan berintegritas yang melakukan pekerjaan kefarmasian secara akuntabel sesuai dengan Pendidikan dan ketrampilan yg dimiliki.

Program Studi Profesi Apoteker adalah Lulusan berintegritas melakukan praktik kefarmasian secara akuntabel sesuai dengan Pendidikan dan kompetensi yg dimiliki.

Program Studi Diploma III Farmasi adalah Lulusan berintegritas yang menjalankan praktik kefarmasian secara akuntabel sesuai kompetensi yang dimiliki dengan memperhatikan kode etik dan regulasi.

SISTEM PENDIDIKAN

Program Studi Sarjana Farmasi dengan beban studi 147 SKS selama 8 semester.

Program Studi Profesi Apoteker dengan beban studi 40 SKS (termasuk Praktek Kerja Profesi) selama 2 semester.

Program Studi Diploma III Farmasi dengan beban studi 110 SKS (termasuk Praktek Kerja Tenaga Vokasi) selama 6 semester.

SARANA PENUNJANG PENDIDIKAN

Sarana penunjang pendidikan:

1. Gedung dan ruang kelas dilengkapi dengan air conditioner dan multimedia (LCD proyektor, komputer, sound system).
2. Perpustakaan, Unit Kesehatan Universitas, Kantin, Kapel, Musholla.
3. *Objective Structured Clinical Examination (OSCE) Center* dan *Skill Test*.
4. Ruang diskusi, ruang ujian, dan ruang baca.
5. Ruang organisasi mahasiswa (Badan Perwakilan Mahasiswa, Badan Eksekutif Mahasiswa, Lembaga Pers Mahasiswa).
6. Ruang *Student Chapter International Society of Pharmaceutical Engineering (ISPE)*.
7. Ruang praktek kewirausahaan mahasiswa: Bursa mahasiswa,
8. *Green house* tanaman obat.
9. Tempat magang dan praktek kerja profesi di Apotek, Rumah Sakit, Industri, Pedagang Besar Farmasi (PBF), Dinas Kesehatan, Puskesmas, Badan Pengawas Obat dan Makanan.
10. Rumah Sakit dan Klinik Kampus.
11. Laboratorium Kampus Pakuwon City Surabaya:
 - a. Laboratorium Kimia Organik.
 - b. Laboratorium Bioanalisis.
 - c. Laboratorium Farmasetika Dasar dan Komunitas.
 - d. Laboratorium Botani Farmasi.

VISION OF THE DIPLOMA III IN PHARMACY STUDY PROGRAM

The vision of the Diploma III in Pharmacy Study Program is to become a study program that produces Vocational Pharmacy Personnel capable of conducting integrated pharmaceutical practice, possessing a reflective and creative attitude, globally-oriented, and positively impactful on life.

MISSION OF THE DIPLOMA III IN PHARMACY STUDY PROGRAM

The mission of the Diploma III in Pharmacy Study Program is to organize Pharmacy Education to produce Vocational Pharmacy Personnel capable of conducting integrated pharmaceutical practice, possessing a reflective and creative attitude, globally-minded, and positively impactful, through:

1. A Vocational Pharmacy Personnel educational program that is reflective, creative, and innovative for the execution of practice and the development of scientific knowledge, skills, character, and excellent professional ethics in integrating community pharmacy practice and traditional medicine.
2. Research and community service programs that are integrated with education, adaptive, and positively impactful to the lives of local, national, and global communities.
3. Networking programs with DUDIKA partners that support the collaboration and integration of pharmaceutical science and practice.

GRADUATE PROFILE

- **Bachelor of Pharmacy Study Program:** Graduates of integrity who perform pharmaceutical work accountably, corresponding to their acquired education and skills.
- **Pharmacist Professional Study Program:** Graduates of integrity who conduct pharmaceutical practice accountably, corresponding to their acquired education and competencies.
- **Diploma III in Pharmacy Study Program:** Graduates of integrity who run pharmaceutical practices accountably according to their competencies, while upholding the code of ethics and regulations.

EDUCATION SYSTEM

- **Bachelor of Pharmacy Study Program:** 147 credits (SKS) workload across 8 semesters.
- **Pharmacist Professional Study Program:** 40 credits workload (including Professional Internship / PraktekKerjaProfesi) across 2 semesters.
- **Diploma III in Pharmacy Study Program:** 110 credits workload (including Vocational Internship / PraktekKerja Tenaga Vokasi) across 6 semesters.

EDUCATIONAL SUPPORTING FACILITIES

Educational supporting facilities include:

1. Buildings and classrooms equipped with air conditioners and multimedia equipment (LCD projectors, computers, sound systems).
2. Library, University Health Unit, Cafeteria, Chapel, and Prayer Room (Musholla).
3. Objective Structured Clinical Examination (OSCE) Center and Skill Test facility.
4. Discussion rooms, examination rooms, and reading rooms.
5. Student organization rooms (Student Representative Board, Student Executive Board, Student Press Institution).
6. International Society of Pharmaceutical Engineering (ISPE) Student Chapter room.
7. Student entrepreneurship practice rooms: Student cooperative shop (Bursa mahasiswa).
8. Medicinal plant greenhouse.
9. Internship and professional practice sites in Pharmacies, Hospitals, Industries, Pharmaceutical Wholesalers (PBF), Health Offices, Community Health Centers (Puskesmas), and the Food and Drug Authority (BPOM).
10. University Hospital and Campus Clinics.
11. **Pakuwon City Campus Laboratories (Surabaya):**
 - a. Organic Chemistry Laboratory.
 - b. Bioanalysis Laboratory.
 - c. Basic and Community Pharmaceuticals Laboratory.
 - d. Pharmaceutical Botany Laboratory.

- e. Laboratorium Biomedik.
- f. Laboratorium Kimia Analisis.
- g. Laboratorium Fitokimia – Farmakognosi/ Teknologi Bahan Alam.
- h. Laboratorium Mikrobiologi Farmasi.
- i. Laboratorium Farmasi Fisik – Formulasi & Teknologi Sediaan Solida.
- j. Laboratorium Formulasi dan Teknologi Sediaan Likuida dan Semi Solida.
- k. Laboratorium Formulasi dan Teknologi Sediaan Steril.
- l. Laboratorium Farmasi Komputasi.
- m. Laboratorium simulasi apotek
- n. Laboratorium Hewan.
- o. Laboratorium Penelitian dan Inovasi Farmasi Terintegrasi.

12. Laboratorium Kampus Madiun:

- a. Laboratorium Kimia Dasar, Kimia Farmasi, dan Fisika.
- b. Laboratorium Teknologi Farmasi.
- c. Laboratorium Farmakognosi, Fitokimia, Farmakologi, dan Mikrobiologi-Parasitologi.

KEUNGGULAN FAKULTAS FARMASI

1. Program Studi Sarjana Farmasi terakreditasi Baik Sekali, Program Studi Profesi Apoteker terakreditasi Unggul, dan Diploma III Farmasi terakreditasi Baik Sekali.
2. Program pendidikan yang selaras dengan kebutuhan/keunggulan bidang industri farmasi yang didukung dengan minat keilmuan spesifik untuk lulusan tersebut.
3. Tenaga pendidik (Magister dan Doktor) dan kependidikan yang profesional di bidangnya dan memiliki komitmen yang tinggi.
4. Kurikulum yang *Outcome Based Education* (OBE) dan *ter-up-date* yang memungkinkan untuk penyelesaian studi lebih cepat untuk Prodi Sarjana Farmasi dan lebih sesuai dengan kebutuhan *stakeholder*.
5. Pengembangan *soft skills* mahasiswa melalui program sadari, *mentorship*, organisasi mahasiswa Farmasi, dan unit kegiatan kemahasiswaan.
6. Program *International Student Exchange*, magang (Industri, Rumah Sakit, Pedagang Besar Farmasi, dan apotek), dan Praktek Kerja Profesi Apoteker (Industri, Rumah Sakit, Apotek, Puskesmas, Pedagang Besar Farmasi, Dinas Kesehatan, dan Balai Besar Pengawasan Obat dan Makanan).
7. Fasilitas dan sarana laboratorium yang baik dengan jumlah yang cukup.
8. Penawaran berbagai beasiswa.
9. Jaringan alumni yang cukup kuat untuk menunjang proses pencarian kerja lulusan dan tukar informasi antar-alumni maupun terselenggaranya pendidikan berkelanjutan.

SUMBER DAYA

Tenaga Pengajar

1. Tenaga Pengajar berpendidikan Magister (S2), Doktoral (S3) dan berprofesi Apoteker lulusan perguruan tinggi ternama nasional dan internasional.
2. Tenaga Kependidikan berpendidikan Diploma III dan Sarjana dari berbagai bidang kesehatan.

PROSPEK DAN LAPANGAN KERJA

1. Industri obat, obat tradisional, makanan/minuman, kosmetika, dan alat kesehatan di bagian *Research and Development* (R&D), Produksi, *Quality Control* (QC) dan *Quality Assurance* (QA), Marketing Farmasi maupun menjadi konsultan bagi industri farmasi.
Beberapa alumni kami telah bekerja di industri-industri multi nasional seperti: PT. Kalbe Farma, PT. Ferron Par Pharmaceuticals, PT. Pharos Indonesia, PT. Sanbe Farma, PT. Bayer Indonesia, PT. Paritwari Agung, PT. Otto Pharmaceutical, PT. Coronet Crown, PT. Interbat, PT. Merck Sharp Dohme, PT. Sandoz Farma, PT. Combiphar, PT. Bernofarm, PT. Hexpharm Jaya, PT. Jamu Iboe Jaya, PT. Natura Laboratoria, PT. Dexa Medica, dll.
2. Farmasi klinik dan komunitas: Rumah Sakit, klinik kesehatan, klinik kecantikan, laboratorium medis sebagai Apoteker Penanggung Jawab Apotek atau supervisor.

- e. Biomedical Laboratory.
- f. Analytical Chemistry Laboratory.
- g. Phytochemistry – Pharmacognosy / Natural Product Technology Laboratory.
- h. Pharmaceutical Microbiology Laboratory.
- i. Physical Pharmacy – Solid Dosage Formulation & Technology Laboratory.
- j. Liquid and Semi-Solid Dosage Formulation and Technology Laboratory.
- k. Sterile Dosage Formulation and Technology Laboratory.
- l. Computational Pharmacy Laboratory.
- m. Simulated Pharmacy Laboratory.
- n. Animal Laboratory.
- o. Integrated Pharmaceutical Research and Innovation Laboratory.

12. Madiun Campus Laboratories:

- a. Basic Chemistry, Pharmaceutical Chemistry, and Physics Laboratory.
- b. Pharmaceutical Technology Laboratory.
- c. Pharmacognosy, Phytochemistry, Pharmacology, and Microbiology-Parasitology Laboratory.

ADVANTAGES OF THE FACULTY OF PHARMACY

1. The Bachelor of Pharmacy program is accredited Baik Sekali (Very Good), the Pharmacist Professional program is accredited Unggul (Excellent), and the Diploma III in Pharmacy is accredited Baik Sekali (Very Good).
2. Educational programs aligned with the needs/strengths of the pharmaceutical industry, supported by specific scientific interests tailored for the graduates.
3. Professional teaching staff (holding Master's and Doctoral degrees) and academic support personnel who are experts in their fields and possess high commitment.
4. An up-to-date, Outcome-Based Education (OBE) curriculum that enables faster study completion for the Bachelor of Pharmacy program and aligns closely with stakeholder needs.
5. Student soft skills development through awareness (sadari) programs, mentorship, Pharmacy student organizations, and student activity units.
6. International Student Exchange programs, internships (in Industries, Hospitals, Pharmaceutical Wholesalers, and Pharmacies), and Pharmacist Professional Internships (in Industries, Hospitals, Pharmacies, Community Health Centers, Pharmaceutical Wholesalers, Health Offices, and the National Agency of Drug and Food Control).
7. Well-equipped and sufficient laboratory facilities.
8. Availability of various scholarships.
9. A strong alumni network to support graduates' job searches, facilitate information exchange among alumni, and foster continuing education.

RESOURCES

1. Teaching Staff

Teaching staff possess Master's (S2) and Doctoral (S3) degrees and hold Pharmacist professional qualifications, graduating from reputable national and international universities.

2. Academic Support Staff

Support staff hold Diploma III and Bachelor's degrees across various healthcare and related fields.

CAREER PROSPECTS AND EMPLOYMENT FIELDS

1. **Pharmaceutical, traditional medicine, food/beverage, cosmetics, and medical device industries** in departments such as Research and Development (R&D), Production, Quality Control (QC), Quality Assurance (QA), Pharmaceutical Marketing, or as industrial consultants. Several alumni have been employed by multinational and prominent industries such as PT. Kalbe Farma, PT. Ferron Par Pharmaceuticals, PT. Pharos Indonesia, PT. Sanbe Farma, PT. Bayer Indonesia, PT. Paritwari Agung, PT. Otto Pharmaceutical, PT. Coronet Crown, PT. Interbat, PT. Merck Sharp Dohme, PT. Sandoz Farma, PT. Combiphar, PT. Bernofarm, PT. Hexpharm Jaya, PT. Jamu Iboe Jaya, PT. Natura Laboratoria, PT. Dexa Medica, etc
2. **Clinical and community pharmacy:** Hospitals, health clinics, beauty clinics, and medical laboratories serving as Pharmacists-in-Charge (Apoteker Penanggung Jawab Apotek) or supervisors.

Beberapa alumni kami telah bekerja di: RSAL dr. Ramelan Surabaya, RS. Mitra Keluarga, RS. Premier Surabaya, RS. Siloam Gleneagles Surabaya, RSK. Vincentius A Paulo Surabaya, RS Umum Daerah, Laboratorium Klinik Prodia, Klinik Kecantikan Erha, dll.

3. Birokrasi Kesehatan dan Instansi Pemerintahan: Dinas Kesehatan, Badan Pengawasan Obat Makanan, Kementerian Kesehatan RI, Tentara Nasional Indonesia.

Beberapa alumni telah bekerja di Dinas Kesehatan Provinsi Jawa Timur, Dinas Kesehatan Provinsi Nusa Tenggara Timur, Dinas Kesehatan Provinsi Nusa Tenggara Barat, Dinas Kesehatan Provinsi Papua, Dinas Kesehatan Kota Surabaya, BPOM Kupang, BPOM Manokwari, Kementerian Kesehatan RI, dll.

4. Pengusaha Apotek, Pedagang Besar Farmasi, Pengusaha makanan-minuman, dan Pengusaha Kosmetik.
5. Peneliti dan Tenaga Pendidik (dosen atau guru).

Beberapa alumni telah menjadi Dosen Tetap di Fakultas Farmasi UKWMS, juga di beberapa instansi pendidikan lainnya.

HUBUNGAN KERJA SAMA

Institusi

AsosiasiPerguruan Tinggi Farmasi (APTFI) dan berbagaiinstitusipendidikananggota APTFI (Universitas Airlangga, Universitas Surabaya, Universitas Gadjah Mada, InstitutTeknologi Bandung, dll.), Asosiasi Pendidikan Diploma Farmasi Indonesia (APDFI), IkatanApoteker Indonesia (IAI), Dinas Kesehatan Provinsi Jawa Timur dan Kota Surabaya, Balai Besar Pengawasan Obat dan Makanan Surabaya, *International Society of Pharmaceutical Engineering (ISPE)*, *Asian Association of School of Pharmacy (AASP)*, *Chongqing University-China*, *St. Louis University-Filipina*, *University of the Immaculate Conception Davao City-Philippines*, *Taiwan Experience Education Program*, *Osaka Institute of Technology (OIT) Jepang*, *Shibaura Institute of Technology (SIT) Jepang*, *National Taiwan University of Science Technology Taiwan*.

Industri Farmasi dan Distributor

PT. Dixa Medica, PT. Inertia Utama, PT. Beta Pharmacon, PT. Ferron Pharmaceutical, PT. Fonko International Pharmaceutical, PT. Otto Pharmaceutical Industries, PT. Phapros, PT. Sanbe Farma, PT. Kalbe Farma, PT. Hexpharm Jaya, PT. Dankos Farma, PT. Global Onkolab Farma, PT. Finusolprima Farma Internasional, PT. Pfizer Indonesia, PT. Pharos Indonesia, PT. Bernofarm Pharmaceutical Company, PT. Bayer Indonesia, PT. Surya Dermato Medica Laboratories, PT. Pfizer, PT. Bayer Indonesia, PT. Meprofarm Pharmaceutical Industries, PT. Interbat Pharmaceutical Industry, PT. Multi Rona Anugerah, PT. Etana Biotechnologies Indonesia, PT. Mash Moshem Indonesia, PT. Daewoong Infion, PT. Balatif, PT. Sejahtera Lestari Farma, PT. Satoria Aneka Industri, PT. Konimex Pharmaceutical Laboratories, PT. Hisamitsu Pharma Indonesia, PT. Indo Abadi Sarimakmur, PT. Erlangga Edi Laboratories, dan PT. Anugrah Argon Medica.

Rumah Sakit dan Klinik
